Students with AP or CLEP credit must talk to advisors.

One writing-intensive English course is recommended for medical school admission. Students are encouraged to select a course with (D,H) designation such as ENGL 2413 Exploring Literature (DH).

This degree program meets pre-med requirements for Oklahoma medical schools. Consult the admissions requirements for medical schools of choice for additional prerequisites, such as calculus.

This degree program does not meet all the Didactic Program in Dietetics academic course requirements. See the NSCI Major/Dietetics Option sheet for courses to be added.

With approval from advisor and department head, maximum of 30 hours of science courses from an accredited doctoral health program may be substituted for major requirements, other than NSCI 3011 Nutrition and Evidence-based Practice I, NSCI 3021 Nutrition and Evidence-based Practice II, NSCI 3223 Nutrition Across the Lifespan and NSCI 4143 Human Nutrition and Metabolism II.

## **Other Requirements**

- · 40 upper-division hours required.
- A 2.50 Major GPA is required. This includes all courses in College/ Departmental and Major Requirements.
- A grade of "C" or better is required in all NSCI 3000- and 4000-level courses.
- This degree sheet includes requirements for pre-medical, pre-dental and pre-optometry.
- · Transfer Admission Requirement: 2.50 GPA.

## **Additional State/OSU Requirements**

- At least: 60 hours at a four-year institution; 30 hours completed at OSU; 15 of the final 30 or 50% of the upper-division hours in the major field completed at OSU.
- Limit of: one-half of major course requirements as transfer work; onefourth of hours earned by correspondence; 8 transfer correspondence hours.
- Students will be held responsible for degree requirements in effect at the time of matriculation and any changes that are made, so long as these changes do not result in semester credit hours being added or do not delay graduation.
- Degrees that follow this plan must be completed by the end of Summer 2030.
